

Non-Conformances Affecting Previously Accepted / Delivered Hardware

Immediate verbal notice and subsequent written notification to the Buyer is required in the event non-conformities or latent defects are discovered after delivery and acceptance of hardware supplied by your company to Electric Boat. This written Letter of Advisement shall be in sufficient detail to enable timely action to preclude adverse impact on ship or personnel safety or equipment performance. The requirements for LOA submission are invoked on the supply base in accordance with [EB Specification 2678](#).

- Foreign Suppliers are required to transmit LOAs by contacting their EB Buyer.
- Domestic Suppliers are required to submit LOAs through the Electric Boat iSupplier portal found at the URL provided upon registration.
- For assistance with submitting LOAs, please refer to 'OQE Submission in Oracle iSupplier job aid found at the following URL or contact your Buyer:
