

## Controlled Material Revision 9/98

### (RADIOACTIVE MATERIALS AND MATERIALS ASSOCIATED WITH RADIOACTIVE MATERIAL)

The following items shall **NOT** be brought onto Electric Boat Corporation property, without prior approval by Radiological Controls Dept.

1. **Yellow plastic wrapping materials**
  - **Bags**
  - **Herculite**
  - **Polyethylene Sheeting**
2. **Radioactive Material**
3. **Radiation Measurement Equipment**
4. **Yellow coveralls, hoods & shoe covers that could be mistaken as Anti-Contamination clothing. (Yellow rain coats are permitted.)**
5. **Any items bearing the standard radiation symbol. (10 CFR 20.203 & ANSI N2.1)**

6. **Any materials which convey or imply a message concerning radioactivity (e.g., signs, labels, warning ribbons, etc.).**

**Note:** Electric Boat Corporation uses yellow/magenta mesh ribbon and yellow/magenta rope to identify radiation areas. Do not bring these into the shipyard.
